san salvador get the music swing and people singing
san salvador never just give up and just beginning
san salvador let me join' and sing nobody sleeps
san salvador gimme happyness excite you

let me show you what is my life
no deception only happyness
gettin' higher where the party
you can do and you're excitin' me
gimme something gimme your dreams
if you want to sting and gimme more
wanna hear your screaming shouting

everybody is coming and people shining

coro

let me show you how we can dance
the body is hot and gettin' fever
if you want to drive me crazy
you can do and baby light my fire
feel the summer reeve it's your time
never have this flip and close your eyes
wanna hear your screaming shouting
everybody is coming and people shining
