I don't wanna live in heartache  
Don't bring me down again  
Stop doing my head in  
When will it end, when will it end

Get ready it's show time  
Got nothing to lose but you  
And now I've made up my mind  
You know what to do, you know what to do

Jump  
Why don't you just jump  
Now you're out on your own  
Only one way for you to go  
So jump  
Why don't you just jump  
Now you're out of time  
And you know what you can do

Sick and tired of you hanging around  
Why don't you get it through your head  
When I say it's over  
It's over and dead, It's over and dead  
*[gun shot]*

You say I'm looking so good  
Yeah I'm doing fine without you  
Ain't missing nothing  
Especially you, yeah you

Jump  
Why don't you just jump  
Now you're out on your own  
Only one way for you to go  
So jump  
Why don't you just jump  
Now you're out of time  
And you know what you can do

Ooo ooo you didn't think it possible  
I could ever live without your love  
But you lost it all

Ha!

You say you need me  
(Whatever, whatever I've heard it all before)  
Can't live without me  
(Whatever, whatever I've heard it all before)  
And you say you love me  
(Whatever, whatever I've heard it all before)  
Do anything for me  
(Whatever, whatever I've heard it all before)

So jump  
Why don't you just jump  
Now you're out on your own  
Only one way for you to go  
So jump (jump, jump)  
Why (jump) don't you (jump) just jump  
(jump, jump, jump, jump)  
Now you're out of time  
And you know what you can do

Well you can jump!
