Pull me up a chair and keep your money  
There's no guarantees  
Won't you please forgive me but you know  
Cold blooded women make me sneeze?

And I'll kick you out the door  
If for just one minute you lie  
And they'll come crashing though the wall  
And leave you crawling till the minute you die

Pour yourself a drink or three  
And maybe we'll think clearer for a while  
You may be an embarrassment  
But I love the way your clothes are never in style

Living's much too easy  
And dying would be some kind of bore  
Well, you swear that you're original  
But I know I've seen those jealous eyes before

So steal the watch from off my wrist  
Oh and shake me by the hand  
We could disappear for days  
And they wouldn't understand

Gypsy blood will get you far  
And they will not miss you when you go

Tear another hole in my brown shoes  
And we can all sleep for a while  
Well, I told you once before  
I love your braces and your hesitant smile

But please don't get me wrong it's only right  
That you can stamp on my heart  
Well, I've seen you and your friend some place  
You know I just can tell you apart

And though they'll hunt you like a dog  
Or they won't take you alive  
'Coz you've made them piles of money  
Stacked up twenty storeys high

And the boys in every bar  
They will not miss you when you go

So steal the watch from off my wrist  
Oh and shake me by the hand  
We could disappear for days  
And they wouldn't understand

Gypsy blood will get you far  
Though it's far away from me  
Look me up when you get home  
And maybe then we'll see

Well, they'll hunt you like a dog  
But they won't take you alive  
'Coz you made them piles of money  
Stacked up twenty storeys high

And the boys in every bar  
Well, they'll miss you when you're gone  
You can tell a heady tale  
And we'll both keep screaming on

La, la, la  
La, la, la  
La, la, la
