I said I don't get out too much I said
She said you said I said two times instead
I said oh please please please no, your just not funny
ya know
So stick around here for a week or three or four
I passed out one time by your door
It was twenty to four but I just can't be sure

Cinderella Cinderella she's my very kind of fella
Part right half wrong oh you know it won't be too long
And oh you know we country boys are only after sex
and noise
Take me shake me I'm a real mess oh yes
I love the way you city girls dress even though your
head's in a mess

Well it was some kind of house by some kind of road
With some kind of peculiar dress code
All the boys had no style not one girl did she smile
I said your making me itch she said don't
I said I'll try my best she said I know that you won't
Now it's time to go home while I was chewing her bone

Baby doll baby doll climbing on the bedroom wall
Got no real friends at all maybe she's a mother or two
But I think she's into you
Take me home take me home call my mother on the
phone
Ella was her name when I left but now she is Rose
Got no fingers or toe's lost them everywhere that she
goes , now

Lost them everywhere that she goes now
Lost them everywhere that she goes now
Lost them everywhere that she goes now
Lost them everywhere that she goes now

Cinderella Cinderella she's my very kind of fella
Part right half wrong oh you know it won't be too long
And oh you know we country boys are only after sex
and noise
Take me shake me I'm a real mess oh yes

I love the way you city girls dress even though your
head's in a mess

Baby doll baby doll climbing on the bedroom wall
Got no real friends at all maybe she's a mother or two
But I think she's into you
Take me home take me home call my mother on the
phone
Ella was her name when I left but now she is Rose
Got no fingers or toe's lost them everywhere that she
goes, now
