I was just busy
Talking to blue streak mama
I was talking to blue streak

I was just busy
Talking to blue streak mama
I was talking to blue streak

Lord up above, can you hear me, I been so tired, I been
so tired
Lord up above, can you hear me, I been so tired
There was a part of me, that wanted out of a situation
But you know, wuh ho, I couldn't let go
There was a part of me, that wanted out of a situation
But you know, wuh ho, I couldn't let go

I was just busy
Talking to blue streak mama
I was talking to blue streak

I was just busy
Talking to blue streak mama
I was talking to blue streak

There I go now, I been thinking about you baby,
thinking about you
There I go now, I been thinking about you baby
No I can't get used, to the change in you
I tried to bend, and then, I think I might break
No I can't get used, to the to the change in you
I tried to bend, and then, I think I might break

Why does it tumble, why does it fall
Think you got something, you got nothing at all
nothing at all, nothing at all
Why does it tumble, why does it fall
Think you got something, you got nothing at all
nothing at all, nothing at all

No I can't get used, to the to the change in you
I tried to bend to bend, but then, I think I might break
No I can't get used, to the the change in you

I tried to bend to bend, and then, I couldn't let go

I was just busy

I was just busy

I was just busy
