All the while we stayed
We were half in, but holdin'
And we still don't know
What was it worth, anyway

Out in the wreckage yard
Under the moon and stars
I been sleeping to kill time
Waking up to find
Hell on my road
Paved with golden lies

Colouring outside my lines
Search psychedelics for the universal mind
But it don't change a thing
You're starting to drink
'Cuz it's a dirty game
Trying to hold back change
And we've been walking out
In seas of doubt
And hovering, hovering

And I know you so well
Cold dark river been starting to swell
And I'm up to my knees
The dark in the trees
Your face and hands
Have been my lands
But I believe we're done
So much gone on
It wore us down

You were the sun in my days
In a thousand ways,

I don't know what to do
I been missing you

But hooo boy, we had joy....
