Tonight i dreamed of a reality that might be true  
tonight i dreamed of all my days and nights with only  
you  
you said i should look to the stars and marvel at all that  
lays above  
but i think your words were corrupted by love,  
this is a peaceful night i swear.

today i dreamed your words were true...  
today i searched for all the things i once admired in  
you  
you say i should look to the heart, to the hopes, to the  
dreams  
and the feelings inside...  
but i think you're only telling lies;  
and these are peaceful days i swear.

So my world is coming apart and i think i'm drowning in  
silence  
and there is no prayer to find the answer  
no, there is no chance.. it happened too fast.

Tell me is this only how you seem, is this the only way  
you'll be;  
is this the way it's gonna stay? i wish there was another  
way...

Oh how i miss the days of winter,  
how i miss the winter's song  
and though i wish you were beside me  
you're in my heart where you belong

somewhere you're out there under the same sky  
somewhere you're out there not wondering why  
i cannot forget you, but you'll never see  
cause you're not thinking about me

i'm dying inside but i finally feel alive  
i'm dying inside and i'm finally feeling alive  
the same sky, yet you're a lie...  
clouded by the tears of the loneliest cry  
and you will never see me, no you will never see

how the warm sun bleeds into me,  
under blue skies..
