So I live another day, so I find another way  
where I try to succeed in this life  
So I see another sign, so I live for another crime  
and so I walk all the way, all the while

Unimpressed by what I've heard  
Can't relate to all the world  
and there are times when everything hurts  
What it takes, I'll never know  
Deliverance of what we hope  
In a dream, all the same, we deny it

Step inside and find the way you never had a choice  
In a time where I lose my mind I fear the silent voice  
A desperate try with no end in sight, a fatal impossible  
dream  
Will I wonder why I've chosen to place  
a faith in the things I can't see?

Step aside and trace the dreams that open up the sky

In a time where we never find a meaning to our lives  
A desperate try we always defy, a fatal impossible  
dream  
Will I wonder why I've chosen to place  
a faith in the things I believe?

Faith for a while,  
try for one day  
please, for a while,  
for all eternity

So I live another day, so I find another way  
and so I try to believe it this time  
So I see another sign, so I live for another time  
where I don't chase the words of a liar

So I give until it's worse  
I never care for what it's worth  
and there are times when everything hurts  
What it takes, I'll never know  
Deliverance of what we hope

In a dream, all the same, in denial
