Oh, oh yes, Brooklyn

The official bad girl of the game y'all  
Puff what up baby, it's going down, yeah, check it  
(what we gettin in to tonight, ayyo what y'all wanna do  
cuz)

[Foxy Brown]  
I'm a bad girl now  
So you know what that means  
Me and Diddy move slowly with the Rolls Face Roley  
Ill bitch so you knows I rolls with the best  
Come the pussyhole man bloodclot test the don  
While Puff in the Bentley wagon  
Fox keep the Sean John sable dragon  
And I ain't even braggin' about the truck  
I show y'all niggas how to Shyne with a nigga like Puff  
now

[Jene']  
Life is what you make it and it can past you fast  
What more does it take to get you up off yo' ass  
(You got) written up at work  
(And your) workin' for a jerk  
(Now your) name is in the dirt (bump it)  
Now it's time to get into something

Hey there's a party going on  
Ain't no reason for you to be, stuck at home all alone  
Come on lets reflect  
(Well uh) Who is now your ex  
(And you) lost some self respect  
(But at) least you've got yo' cheque (bump it)  
Now it's time to get into something

[Chorus: Jene']  
Let's go to where the party's jumping

and where the music is bumping  
and we ain't caring bout nothing  
It's time to get into something  
Here we go where we get in free  
Or at least where we're drinking for cheap  
And forget everything stressing me  
It's time to get into something

Something, yeah, mmm-mmm

[Jene']

You know i'm saying  
Never sweat the small stuff it happens everyday  
Never sweat the small stuff and you will be ok  
(Now you're) far away from home  
(With I.D.) it says you're grown  
(People) telling you come on (get it)  
Now it's time to get into something

Don't worry bout the females staring  
They can't ?do? what your wearing  
Don't worry bout the fellas staring  
They can buy the drinks  
(Have a) Long Island Ice tea (down it!)  
Vodka Martini (down it!)  
Sex on the beach (down it!)  
Now it's time to get into something, yeah

Repeat Chorus

Something ohhh (yeah yeah, get to it)  
That's how we roll (let's do it, Lady May  
get to it)

[Lady May]

On Pirellis, on cellys  
With no worries me and my girlies  
We get it crunk, gon get drunk silly  
And later feely bag a big willie  
Them cars ?, we so ?  
We be buying out the bars with no problem (take that)  
Me my chicks and them, Christian, Dior  
Me and Moor we the best of them

[Jene w/ Puffy, Lady May adlibs]

Everybody in the front and the back (get it, cop it)  
Throw your hands in the air where you at (get it, cop it)  
If your knowing that you got it like that (get it, cop it)  
Bounce with it, bounce with it  
If you a dollar in your pocket  
And you wanna get this party started

And you feeling like there ain't no stoppin'  
Bounce with it, bounce with it

\*repeat w/ different adlibs\*
