"Yesterday Today"

Any road, any bed

Another stitch in the tapestry

Any plate, any soap

Another hope, same anatomy

Any day, any job

You're still in my memory

Another note to another song

I love what you do to me

CHORUS:

I'll jump the train to make that step

I'll make the plane to fly away

Send it high, so high

We can turn around

Yesterday, today was tomorrow

Here and now is all that I can be

We can play beg, steal or borrow

It's okay, we can find a way

Any door, a reason why

Another window to another sky

Another heart lies just the same

We are together just to ease the pain

CHORUS
