

Fanfarlo "Shiny Things"

Visit "[Shiny Things](#)" on MotoLyrics.com

lets not worry about images
lets not worry about mind control
lets stop talking about prisoners
up against an invisible wall
lets not feel anything at all
keep it inside your chest all night
lets not worry about going extinct
we'll be preserved on a shelf somewhere
give us mirrors for company
lock all the windows and doors when you leave

Chorus:

It's as if nothing happened, as if it was enough
Think we worked awfully gladly thinking of shiny things
Wasted along together, put all the bridges up
Lost are the pterdactyls has any half of the seas
build us a new perpetuity
tell us we have nothing to fear but ourselves
now, now we're painted so colorfully
we'll be replaced by someone somewhere soon
Chorus x2
