Loving you  
is like playing with Dynamite  
But to stay away from you  
I got to put,put up a fight  
i cant seem to get you out of my mind  
no matter how hard i try

(chorus)2X

Danger, danger  
hes dangerous  
danger straight ahead....

Your so explosive  
just like TNT  
Loving you is getting  
the very best of me  
I cant seem to get you out of my mind  
no matter how hard I try

(chrous)2X  
Danger, danger  
hes dangerous  
danger straight ahead....

Loving you  
is like playing with Dynamite  
But to stay away from you  
I got to put,put up a fight  
i cant seem to get you out of my mind  
no matter how hard i try

(chrous)4X  
Danger, danger  
hes dangerous  
danger straight ahead....  
(or untill song fades)
