hey yo,  
i don't even know you and i hate you  
see, all i know is my girlfriend used to date you  
how would you feel if she held you down and raped  
you?  
tried and tried, but she never could escape you  
she was in love and i'd ask her how? i mean why?  
what kind of love from a nigga would black ya eye?  
what kind of love from a nigga every night make you  
cry?  
what kind of love from a nigga make you wish he would  
die?  
i mean, shit, he bought you things, and gave you  
diamond rings  
but them things weren't worth none of the pain that he  
brings  
and you stayed, what made you fall for him?  
that nigga had the power to make you crawl for him  
i thought you was a doctor, be on call for him  
smack you down cause he said you was to tall for him,  
huh?  
that wasnt love, baby girl you was dreamin'  
i could of killed you when you said  
your seed was growinn' from his semen

love is blind, and it'll take over your mind  
what you think is love, is truly not, you need to elevate  
and find  
love is blind, and it'll take over your mind  
what you think is love, is truly not, you need to elevate  
and find

i don't even know you and i'll kill you myself  
you played with her like a doll and put her back on the  
shelf  
wouldn't let her go to school and better herself  
she had a baby by your ass, and you ain't givin no help  
(uh huh)  
big time hustler, snake mother fucker  
one's born everyday, and everyday she was your  
sucker  
how could you beat the mother of your kids?

how could you tell her that you love her?  
don't give a fuck if she lives  
she told me she would leave you, i admit it, she did  
but came back, made up a lie about you missin' your  
kids  
sweet kisses, baby ain't even know she was your  
misstress  
had to deal with fist fights, and phone calls from your  
bitches  
floss like you posses her, tellin' me to mind my  
business  
said that it was her life, and stay the fuck out of it  
i tried and said, just for him i'll keep a ready clip

chorus

i dont even know you and i want you dead  
don't know the facts, but saw the blood poor from her  
head  
see i, layed down beside her in the hospital bed  
and about two hours later doctor said she was dead  
had the nerve to show up at her mothers house the  
next day  
to come and pay your repects and help the family pray  
even knelt down on one knee and let a tear drop  
and before you had a chance to get up, you heard my  
gun cock  
prayin' to me now, i ain't God but i'll pretend  
i aint start your life life but nigga, i'mma bring it to an  
end  
and i did, clear shots and no regrets, never  
cops comin' in watch me go to jail  
nigga whatever my bitch, fuck it my sister  
you could never figure out even if i let you live  
what our love was all about  
i considered her my blood, and it don't come no thicker
