"Anything Can Happen"

The day has begun
And I stumble to the front
There's no real control
Of a random event

And I will take my chances
Just anything can happen
I don't believe it's over
'Cos anything can happen

I could never give it up
I could never relent
And I can't wait to see
What will happen to me next

I will take my chances
'Cos anything can happen
I don't believe it's over
'Cos anything can happen

It doesn't matter what we did wrong
Makes no difference to me
I see the light in your eyes
And you're dancing free

And I'm coming down today
To gather in the pieces
Give in to the mystery

And I will take my chances
'Cos anything can happen
Don't believe it's over
'Cos anything can happen

One day, I
Someday, I

Anything can happen
Yeah, anything can happen
I will make it shine
I will make it rain sometime
