"Oceans Apart"

Visit "[Oceans Apart](#)" on MotoLyrics.com

We were talking in a field
Feet on the ground
Though my memories often fade there
Oceans apart from where you are
Comedy all opinions tied
Raise your arms and we'll lift up this sky holding stars
Carry away there to your surprise
The moment is eternal if you think you want it
Moments arise
Comedy all opinions tied
Raise your arms and we'll lift up this sky holding stars
Carry away there to your surprise
Comedy our opinions tied
Raise your arms and we'll lift up this sky holding scars
