It's almost definite
I'm really on my way to hell
Get down dog, get down

I'll be your only friend
Kill you in the end
Get down dog, get down

What's the meaning of these shows you watch?
What's the meaning of these rows of clocks?
What's the meaning of love?

He still won't eat a thing
He's a goddam skeleton
Get down dog, get down

The priest is on his way
To give his last hooray
Get down dog, get down

What's the meaning of this cross he waves?
What's the meaning of this lost parade?
What's the meaning of love?

Come along Miss America
Come along with me
Your Marlboro Man's never coming home again
But you still got me

The boys are in the shade
The workers all been paid
Get down dog, get down

Two lovers in the park
It's way after dark
Get down dog, get down

What's the meaning of this flag you fly?
What's the meaning of this firework sky?
What's the meaning of love?

Come along Miss America
Come along with me
Your Marlboro Man's never coming home again
But you still got me
