(1.)

No more beginning
She caught the light
Different perspectives
At this time of night

There as you glitter
There as you dance
So go and take a chance

So I won't be to hasty
You'll make a wrong move
I'll keep it mysterious
Just stay of the news

I don't think I'm clever
So don't be too smart
So go and take a chance

(Bridge:)

With the light shining through
You've got so much to loose
It ain't love that we've found
'Cause my time's running out

(Chorus:)

It's true
When the clock strikes twelwe I change
Getting closer then fading away
Don't you throw your life away for me
Don't wait for me
It's true
When the clock strikes twelwe I change
Getting closer then fading away
Don't you throw your life away for me
Don't wait for me

(2.)

In the land of the living
I'm a creature of night
I'll promise my heart
But there's one darker side

There as you glitter
There as you dance
So go and take a chance

I ain't giving excuses
To push you away
I'm sharing a secret
Just hear what I say
You scream and you (???)
You run in the dark
So go and take a chance

(Bridge:)
With the light shining through
You've got so much to loose
It ain't love that we've found
'Cause my time's running out

(Chorus:)
It's true
When the clock strikes twelwe I change
Getting closer then fading away
Don't you throw your life away for me
Don't wait for me
It's true
When the clock strikes twelwe I change
Getting closer then fading away
Don't you throw your life away for me
Don't wait for me

(3.)
The Way you dress
The Way you talk
Something about ya

More or less
I confess
Can't do without ya

Just one night
I would like
To be around you

Don't wait for me
But don't wait for me
Don't wait for me
Don't wait...

(Chorus:)
It's true
When the clock strikes twelwe I change

Getting closer then fading away
Don't you throw your life away for me
Don't wait for me
It's true
When the clock strikes twelwe I change
Getting closer then fading away
Don't you throw your life away for me
Don't wait for me
