I'll break you down  
I'll take you down, down  
Fill you with sadness  
Make your life madness

I'm having a hard time  
I'm making you do the hard time too.  
I'm stuck in a bad way  
And I'm gonna make you pay for it.

Give me a mile  
I'll take a hundred miles  
Such a mistake  
Sorry you make

I'm having a hard time  
I'm making you do the hard time too  
I'm stuck in a bad way  
And I'm gonna make you pay for it.

I'm having a hard time  
I'm making you do the hard time too.  
I'm stuck in a bad way  
And I'm gonna make you pay for it.

I'm having a hard time  
I'm making you do the hard time too.  
I'm stuck in a bad way  
And I'm gonna make you pay for it.

I know you're here  
I know you're gone  
I never asked you to stay  
I'm waking up, baby  
Now tell me, are you ok?
