"Let It Go"

Visit "[Let It Go](#)" on MotoLyrics.com

I'll begin to let you go
When the sunlight melts the snow
Everynight I drive away from you
I see the mountains, I have yet to move

(CHORUS)

And you there...you don't care
I wonder if you wanted me like I wanted you
It's a lonely truth,
That I can't change you

You sure can't change me

It's hard as hell tonight to sleep
To close my eyes would be admitting my defeat

(CHORUS)

Are you wanting me, like I wanted you?
It's a lonely truth
That I can't change you

(CHORUS) 2X
