Before you.....

[Intro] Before you, I was empty Nothing left, was just a shell  
Before you, loneliness was all I felt

[Verse 1] Didn't want to fall in love no more, Was so sad  
I, felt so many times I hit the floor, hurt so bad I didn't  
want no one to bring me down, was sick and tired Then  
you came to lift me off the ground, and you take me  
higher

[Chorus] We rise, we rise in love You and I, keep rising  
We rise, we rise in love Higher, were flying Our love will  
rise

[Verse 2] Rescuing me from all the pain I felt, before I  
met you Dried my eyes and made me smile again, you  
helped me get through Now I know what loves  
supposed to be, it's like you're flying Now I know the  
love I've found is real, cause it keeps on rising

[Chorus] We rise, we rise in love You and I, keep rising  
We rise, we rise in love Higher, were flying Our love will  
rise

[Bridge] Were so high and we keep rising We keep  
climbing, higher and higher And we keep soaring, we  
keep growing, we keep loving Our love is flying We  
rise, we rise You and I (keep rising)

[Chorus] We rise, we rise in love You and I, keep rising  
We rise, we rise in love Higher, were flying Our love will  
rise
