You can disappear here
Without knowing it
You can disappear here
Without believing it

Leave me alone take me with you
Bring me apart, apart from you

Inject your soul
With a milligram of false hope
Write your last loath song
With a milligram of false hope
Write your last loath song

Disappear here
Disappear here
Disappear here
Disappear here
Disappear here

You can disappear here
Without knowing it
You can disappear here
Without believing it

Leave me alone take me with you
Bring me apart, apart from you

Inject your soul
With a milligram of false hope
Write your last loath song
With a milligram of false hope
Write your last loath song

Disappear here
Disappear here
Disappear here
Disappear here
Disappear here

Inject your soul
With a milligram of false hope

Write your last loath song
With a milligram of false hope
Write your last loath song

Disappear here

Disappear here
Disappear here

Disappear here
Disappear here
