[1st Portuguese verse:]

We are wolf memories
That tear the skin apart
Wolves that once were men
And shall be them again

[2nd Portuguese verse:]

We are wolf memories
That tear the skin apart
Wolves that once were men
And shall be them again
Or perhaps memories of men
Who insist of not tearing for to be wolves
But that never shall be them again...

Somos memé«çias de lobos que rasgam a pele
Lobos que foram homens
E o tornaré«ç a ser

They awake for flesh
Choose pain as a path
Refuse a light
To blind you and me

Full Moon Madness,
We are as one and congregate
Full Moon Madness
We rise again to procreate

Somos memé«çias de lobos que rasgam a pele
Lobos que foram homens e o tornaré«ç a ser
Ou talvez memé«çias de homens.
Que insistem em né«ç rasgar a pele
Homens que procuram ser lobos
Mas que jamais o tornaré«ç a ser...

They awake for flesh
Choose pain as a path
Refuse a light
To blind you and me

Full Moon adness,

We are as one and congregate
Full Moon Madness
We rise again to procreate to seal our fate

Irreverence was cast out from the sky
And eternity lost it's sex forever
And under the same heaven they voted to emptiness
They still celebrate under a Full Moon Madness...

They awake for flesh
Choose pain as a path
Refuse a light to blind you and me

Irreverence was cast out from the sky
And eternity lost it's sex forever
And under the same heaven they voted to emptiness
We still celebrate under a Full Moon Madness...
