I am the moment, the soul  
The moment that ends it all  
I am the second, the will  
The serpent, the one you last recall

The living pulse of nightmares  
Is on my side  
With the shadows I fade into you

A secret promise of leaving  
Blanking your eyes  
When you look for me try for once inside

In the sleep of cruelty  
The old sounds of you and me

I am the moment, the soul  
The moment that ends it all  
I am the second, the will  
The serpent, the one you last recall (You are lost)

The ones so long forgotten  
Now at your side  
Their spirits travel from me into you

A rush of waters then afterlife  
The wind in the trees  
Yours is the fight in this minute dark

I am the moment, the soul  
The moment that ends it all  
I am the second, the will  
The serpent, the one you last...

In the sleep of cruelty  
The old sounds of you and me

And for a moment it's gone  
The beauty of it all  
I am the second, the fall  
The logic of it all

I am the moment, the soul  
The moment that ends it all  
I am the second, the will  
The serpent, the one you last recall
