I will manipulate you  
Until it becomes a vice  
I will dispose of you  
Until it becomes a vice  
Let me exxagerate you  
Distort you from inside out  
love you by different rules  
fuck you up to your soul

I will pretend I love you  
To know what is like  
Then come in my own mouth  
To feel what is like  
Let me desecrate you  
Spit you when I'm done  
Let me banalize you  
Until you are adored

Open your heart  
Half-devoured  
All that I want  
Is your strange kind of power  
Open your heart  
Half-devoured  
All that I want  
Is your strange kind of power

I will insist on you  
Until you become the Truth  
i will decay with you  
Until you become the Ruin  
Let me celebrate here  
Now that nothing is left of you  
Let me celebrate now  
Here's nothing left of you

Open your heart  
Half-devoured  
All that I want  
Is your strange kind of power  
Open your heart  
Half-devoured

All that I want  
Is your strange kind of power

I will dispose of you. I will manipulate you  
I will discard of you but I will believe in you
