Well I spent half of my life  
chasin' after my dreams  
And the other half chasin' you.  
I want you both so bad  
I can almost taste it.  
Let's just say there's nothing I won't do.  
When I first saw you,  
you were sittin alone  
with a halo hangin over your head.  
How was I to know  
that it wouldn't be long  
Till the very first day that we met.  
(chours)  
Well, I want your love  
(Just a little bit)  
I need your love  
(Just a little bit)  
I can't live without your love  
So won't you give it all?  
Yeah.  
I lie awake in the dead of the night,  
with a question roaming my mind.  
Are you thinking of me?  
Just give me a sign. Yeah.  
My dreams are starting to come true.  
All I need is you to pull me through.  
Hand and hand we can conquer all.  
My dreams and love for you is all.  
(chours)
