Be i'm gonna be i'm gonna be i'm gonna be baby
I'm gonna be kickin sand for the next five days
Baby baby baby from the CIA
I'm gonna be kickin sand for the next five hours
I'm gonna come d'install my military powers
I'm gonna make sure my boy gets in charge
This is a military order, my command baby
You're gonna shoot that rifle on the hour
And then my military boy is gonna take some power
I'm in the middle east baby I'm comin back soon
I got the oil and the sand dune

That's not how things work out here
That's not where things work out here
You get your hands chopped off baby out here
You get your hands chopped out here
I'm like Lawrence of Arabi-yea-eh
You get your hands chopped out here
I'm like I'm the way in Casablancair
You get your hands chopped out here
That's not the way things work out here
That's not the way that things work out here
You get your hands chopped off just for sayin
the wrong thing at the wrong time
mmmbaby oooah mmmm

Your special little book ain't fuckin special to me
Baby I can't even read
Your special little book ain't fuckin special to me
special to me
Your special little book ain't fuckin special to me
special to me

Disseminate pornography into your regime
nanana nana nananana
Take all the women baby comin with me
nanana nana nananana
Dissemination hation
A'God damn, baby be patient
We're rollin up in our little sand dune car
Baby the middle east tastes far
I got the camel baby so star

But the car won't start go ra-a
A camel on
Baby baby I was so strong
It's like another crusade out here
Baby baby crack open that beer

Baby baby there's a lot of hate out here
It's like another crusade out here
Baby can't you just smell the oil
Baby baby I god damn spoil
Your envisions to be
A captain just like me
We roll through the sand dune every time
I got the I-rahis they're all goin blind
God damn these towel boys
God damn these sand dunes
God damn these camels boys
We'll be back home pretty soon
