La dum da da dada dow dum
la da dar
Dum
da da dada dow dum

(Fixed the events they fixed fixed the events)
(Fixed the events they fixed fixed the events)
(Fixed the events they fixed fixed the events)
(Fixed the events they fixed fixed the events)

It's been a long time since civil rights
And all of the changes
It's been a long time since the klan shut down
But baby, it's still famous
Been a long time since the fires burned out but
I know where the flame is
Been a long time since my brothers and I
Said what a slave is
