Grain of Corn Â© 2009 Frederick Roussel

I start off with a grain of corn, then I got the whole world

In that grain of corn was the whole world

All I got's a grain of corn, baby I'm poor

When it goes out of fashion baby you can be poor

Look at the rich, do they make you scared

Is all that power gonna go to their head

I couldn't run a business and neither could you

You couldn't make your breakfast or tie your shoes

Oooh yeah

I start off with a grain of corn, then I got the whole world

In that grain of corn was the whole world

All I got's a grain of corn, baby I'm poor

When it goes out of fashion baby you can be poor

Carbon emissions emit from this song

Sometimes you have to test a nuclear bomb

Baby Rockefeller was a rich guy

But he didn't find the oil in the sky

Oooh yeah

I used to think that when I was your age

I used to think that when I was your age

I used to say that when I was your age

I used to say that when I was your age

When I was your age

When I was your age

I start off with a grain of corn, then I got the whole world

In that grain of corn was the whole world

All I got's a grain of corn, baby I'm poor

When it goes out of fashion baby you can be poor
