(..every hour....)

Baby the power is mine, baby oh I'm Nixon's wife  
We havin a good time in the white house  
James Brown voted for me, howz, howz  
Your god damn...political machine  
Needs to come with me baby I turn green  
With envy as I see my opponent Kennedy  
He's going to attack he's goin to beat beat me

[Nixon Freestyle pt 2]

You try to portray me, portray me in the films  
You mythalogize me but you don't know "him"  
My name's JFK I got assassinate, I got to  
Go down baby, what's on my plate  
It was a silver spoon it was a'born with my ass  
Baby I was Kennedy I was so flash  
Baby Richard Nixon was my running team  
He was my opponent baby, but we was francine  
I got a Francine was was a'voting for me  
I got the Mafioso and they fixed the G  
They fixed fixed the events they fixed fixed the events  
They fixed fixed the election baby that's what made  
him  
Assassinate me caus I had to get him  
My fantasies about being Kennedy I wet 'em  
My wife probably thinks he's some handsome boy  
But I'm god damn..gonna...be destroyed...
