Real Job (Work It Out) Â© 2009 Frederick Roussel

Steppin outside into the future  
Steppin outside into the pa-ast  
Look at the way you love your cla-ass  
You know you ain't for re-eal huh  
And it occurs to me that  
You don't ever fe-e-el

Don't become a minister baby  
It's a real job  
You know you ain't really livin it baby  
Go back to your snobs  
They wear their hoods caus they're scared of you baby  
Scarin em, that's your job  
Don't become the mayor now baby  
You know it's a real job

I know that you'll work it out for me  
I know you can work it out for me  
I know that you'll work it out for me  
I know you can work it out for me

I know I ain't in your family baby  
I don't relate to God  
I know I sound like Lennon now baby  
It's my real job  
I love your secret society baby  
That's my real job  
Don't want a princess to marry me baby  
That's not a real job

I know that you'll work it out for me  
I know you can work it out for me  
I know that you'll work it out for me  
Aar har...
