Sit back and watch while I fall down
Speed baby baby baby
Sleep baby baby baby
It all slows down
I got the need for oil baby
It all slows down baby
Had a gear change baby
I shoulda rearrange baby
My foot pedals strange baby
The windows over there baby
Hazard warnin lights switchin em on
Baby got a god damn accident on
Baby I'm the fuckin accident's cause
Baby gonna drive off away from the source baby
Baby...take your sword baby
Drive around with hazardous chemicals on board baby
Baby can I get another heart from ya
Baby can I get another heart from ya
Baby can I get another pair of legs
Baby can I get a..another head
Baby can I just a replacement arm
I wanna do bad things with my car baby
Glad I came down baby
My gold one baby
I'm drivin around baby
Baby my soul's in one baby
