Skip through the news on your FM dial  
To get to that flaccid beat  
That you been singin' to for a while  
All the little kids that you like to meet  
Yeah yeah yeah baby ye-ye-yeah huh  
The night club  
It's a little place to send all the kids to  
So they don't think anything up  
Send em out there, especially in war time  
So they don't get 'em thinkin' aloud  
Or sign em up for the military draft  
I'm sure they'll be perfect when you get em out  
Oh the disco-o ye-ye-yeah huh  
Let's celebrate  
Something good's happenin' in the world now  
It's called assassination babe
