Tabloid magazines are made in hell
The falling stars are getting sucked down
we get seduced easy
we get
WE GET SEDUCED!

Sell us magazines about the stars
and watch us stare into the void
what not to wear to be a ???
who ??? escaped on camera
now these creeps are climbing up the trees
the neighbors calling the police
and snapping pictures by the pool
we seduced so easy

Check out clerks all ??? towards
the page "an A-list star ??? her brains"
while starving millionaires complain
TV makes your ass fat

TELL US!
how rad is it living in a microscope?
broadcast into every single living room
hot lights on your love life
let me buy
close up tabloid shots of your cellulite

hypnotizing pages of advice
from their demented fashion do's or dies

who put this hook inside my mouth...you
your getting so obsesed its all we talk about
were passive hounds on the couch

how rad is it living in a microscope?
broadcast into every single living room
hot lights on your love life
its not love thats sex on the first night

how rad is it living in a microscope?
broadcast into every single living room
hot lights on your love life

let me buy
close up tabloid shots of your cellulite
