spoken in a language that u think that u know
the night that's in store
forget who u are
every indication that you know right from wrong
the doorknob is warm
you're mad if you don't

explode
like a delicate fever
it's born it's a delicate fever
you know
and your fragile condition wants more
you've got delicate fever

a dying art seduction
that u plant with a rose
forget all u know
it won't let you go
lost in a translation
that you know that you serve
for better for worse
you move with your curse

explode
like a delicate fever
it's born it's a delicate fever
you know
and your fragile condition wants more
you've got delicate fever
born w/ a delicate fever
your soul, a bohemian river
you flow and a fragile connection is
born.

you've got delicate fever.
explode
like a delicate fever
it's born it's a delicate fever
you know
and your fragile condition wants more
you've got delicate fever
born w/ a delicate fever
your soul, a bohemian river

you flow and a fragile connection is
born.
you've got fever.
