Sad & Lola, why so shy?
She never had her slice of life.
But she's someone else when she's dancin'.
She's Hart to Hart in a mansion.

I know a little bit of French you'll enjoy.
It's like a little bit of get to the point.
I could blow it in your ear...
Like a blast of oxygen.

I could be the love of your life - read my lips.
I could be the love of your life - read my lips.
If you could be the love of my life...
I could be a Lola for you Like This.

If you could be the love of my life,
come now don't be shy.
If you could be my Lola.
(she's someone else when she's dancin')
If you could be the love of my life
She's Hart to Hart - do it Lola.

I know a little moan (in French) to enjoy.
It's like a little private fear to explore.
I could purr it in your ear...
Like a rush of oxygen.

I could be the love of your life - read my lips.
I could be the love of your life - read my lips.
If you could be the love of my life...
I could be a Lola for you Like This.

Sad & Lola, why so mean?
She never lived on easy street.
But she's someone else when she's dancin'
She's Disco Lo in her Lo-Lo-Lo in her mansion.

Before you say sayonara...

I could be the love of your life - read my lips.
I could be the love of your life - read my lips.
If you could be the love of my life...sayonara.

I could be a Lola for you Like This.

I could be the love of your life - read my lips.
I could be the love of your life - read my lips.
If you could be the love of my life...sayonara.
I could be a Lola for you Like This.
