My love is gone with yesterday, my love is gone  
with yesterday

We had a love for all seasons  
At least that's how it used to be  
There was no time, space, or reason  
More special to us than we  
My love continued to flourish  
As a flower blooms in spring  
Then you tried to play love for silly  
But the loser is the fool who doesn't play  
love by the rules

If she breaks your heart  
I will send a robin to sing happy tunes for you  
Cause I may not be around to do the things  
I used to do  
And if you awake to find you're lost  
I will send a glad star to lead you on your way  
Cause the love I felt inside  
Has gone away with yesterday

My love is gone with yesterday, my love is gone  
with yesterday

There was a time when forever  
Was common-place for me and you  
Laughing, loving, sharing, caring  
Seemed to be made just for us two  
But I kept on building the dream world  
That I thought was you and I  
Sorry, I'm sadly mistaken  
Cause our castle in the sky  
Has turned into a mere goodbye

If she breaks your heart  
I will send a robin to sing happy tunes for you  
Cause I may not be around to do the things  
I used to do  
And if you awake to find you're lost  
I will send a glad star to lead you on your way

Cause the love I felt inside  
Has gone away with yesterday  
[Repeat]

Love is gone away with yesterday  
[Repeat]
