It's been so long  
Since I have seen you grin  
Since I have seen you  
when  
You're satisfied with your own life

You seem  
Like someone else I've  
never seen  
Like something thought up in a dream  
A dream with hell and fire  
and screams

Don't deny these implications  
Don't you try to confiscate  
them  
It's something you can't escape  
But you can try to change your  
ways

[chorus]  
So crack a smile  
Show me your teeth  
Show me the way you  
used to be

Enjoy your life  
The one and only  
Trust me, it's not near as  
lonely

It's all that you've got  
And it's all you have not  
So take  
advantage of this point in time

Time  
It's been so long since you have  
thought  
About what's been all said and done  
And that the fight is not yet  
won

You seem  
Like you gave up all hope of victory  
Like you believe your  
life is history  
But all of this will never be

Don't deny these  
implications  
Don't you try to confiscate them  
It's something you can't  
escape  
But you can try to change your ways

[chorus]  
So crack a smile  
Show me your teeth  
Show me the way you  
used to be

And crack a  
smile!
