(Gary Moore)

One, two, three, four

Let me tell you about the Texas blues

I went down south to Dallas

To hear those cowboys wail

Came across that Billy Gibbons

Ridin' on that ZZ trail

I just can't lose with the Texas blues

I said I just can't lose with the Texas blues

The Texas blues

Got myself in double trouble

When I saw that Texas flood

Stevie said, "The sky is crying"

Superstition's in his blood

I just can't lose with the Texas blues

I said I just can't lose with the Texas blues

The Texas blues

How-how-how-how

Come on!

I heard that Houston twister

He could run you off the tracks

When he plays that cold, cold feeling

You get the shivers down your back

I just can't lose with the Texas blues

I said I just can't lose with the Texas blues

The Texas blues

A-how-how-how-how

Well, I'm going back to Dallas

Won't go waitin' for no bus

Ridin' off into the sunset

You won't see my heels for dust

I just can't lose with the Texas blues

I said I just can't lose with the Texas blues

I said I just can't lose with the Texas blues

And I just can't lose with the Texas blues

The Texas blues, Texas blues

A-how-how-how-how

A-how-how-how-how
