I'm breaking away

Our love is falling

We can't seem to make it stay

I turn away

Harder and harder

I try I just can't pray

Break

Sleep's getting harder

I'm going insane I just can't see anything

No I'm abandoned

Ripping my body you seem to

Never let go

Chorus:

I can't live with anyone else but me

I can't live with anyone

Do you really need this

Sometimes you scare me I just can't see anything

Change me abuse me

Ripping my body you seem to

Never let go

Chorus:(2x)

I can't live with you

Chorus:(3x)
