Two wrongs don't make it RIIIIIGHT
Two wrongs, don't make it RIIIIIGHT
Two wrongs, don't make it RIIIIIGHT
Two wrongs, don't make it RIIIIIGHT
- don't make it right
Two wroooooooooooooongs, RIGHT
When we first started off as bein friends
Havin good times over and over again
And then we fell in love, our feelings were so strong
After four years long, what went wrong?
You didn't believe me so I didn't trust in you
You gotta watch out for your feelings cause they ain't
all true
Feelings can be right and feelings can be wrong
Without trust it won't be strong, it won't be right
Two wrongs, don't make it RIIIIIGHT
Two wrongs, don't make it ALRIGHT
Two wrongs, don't make it RIIIIIGHT - don't make it
right
Two wroooooooooooooongs, RIGHT
You'll do things to me, I do it back to youuuuu (RIGHT)
What goes around come back around, this is true
We gotta put the past behind us, move forward like we
should
Just like K-I-M, keep it movin it's all good
God gave me power to have strength to forgive
(RIGHT)
Livin right within yourself is how I want to live (RIGHT)
God knows how I miss my first three kids (RIGHT)
But there's this foul shit that their mother did
Two wrongs, don't make it RIIIIIGHT
Two wrongs, don't make it RIIIIIGHT
Two wrongs, don't make it RIIIIIGHT - it don't make it
right
Two wroooooooooooooongs, RIGHT
Two thousand and five, Flavor Flav
That's right, y'all didn't even know that I could come
like this
Ha hahhh, that's right burnin up everybody's radio
Burnin up everyody's CD player
That's right, Flavor Flay-er, ha ha hee
I'mma come back and say somethin on this shit
