I don't know why  
I want you to know I try  
To stay away from sin  
Just to be with you again  
when I think about that day  
When I first saw your face  
You were like an angel  
On a perfect day

It's all over now  
And the world is falling down  
I don't know what to do  
I just want to be with you  
I love you

I don't know why  
But you say I'm never by your side  
You flirt with other guys  
I may not be there  
On the days that you are scarred  
I'm still wondering why you said goodbye

It's all over now  
And the world is falling down  
I don't know what to do  
I just want to be with you  
I love you

I just want to ask you  
Who was that other guy  
I just want to ask you why  
You said goodbye  
This is the end  
I can no longer pretend  
That I don't miss you

It's all over now  
And the world is falling down  
I don't know what to do  
I just want to be with you  
I miss you

It's all over now  
And the world is falling down  
I don't know what to do  
I miss you
