A dirt road
Wheels kickin' up a dust cloud
See the town in my rearview
A hot sun falling from the blue sky
When it goes down we come unglued
Logs on a campfire, Beer bottle in my hand
We make a lot of noise
We're country so we can

Chorus:

We work hard, Try our best to make a livin'
Give our word and stand behind what we say
Stand our ground
And never back down from another man
We're country so we can

Her tan legs shinin' in the sunlight
While she lays out on the river bank
I kick back, my poles are in the water
I reach in the cooler for another drink
Half past a six-pack, my toes are in the sand
Lord knows we'll have some fun
We're country so we can

Repeat Chorus

We like Southern livin'
Like Southern lovin'
Got double-wide trailers
Double first-cousins
ATVs and Four-wheel Drive
Green tomatoes and chicken deep-fried
Pinto beans, Fresh collard greens
And the prettiest women that you've ever seen
NASCAR fans and Bluegrass bands
Miles and miles of rich farm land
Front porch where we sit and spit in a can
We're country so we can
Understand?

2nd Chorus:

Work hard, try our best to make a livin'

Give our word and stand behind what we say
Stand our ground and never back down
From another man
Never back down from another man
We're country so we can
Understand?
