

Graffiti 6 "Colours"

Visit "[Colours](#)" on MotoLyrics.com

When I was feeling it so hard
I couldn't see through my scars
You led the way through the dark
My eyes were opened with love

I'm seeing colours flowing through my mind
Colours, Colours
And I want to walk in your water
I want to walk in your water

When I was feeling it so hard
I couldn't see through my scars

Now I'm seeing colours flowing through my mind
Colours, Colours

I'm seeing colours,
Colours, colours, colours, colours, colours, colours
