She loves me like a brother
When I'm standing by her side
She loves me like a brother
There's nothing that she won't confide
No, there's nothing that she won't confide

I been standing by, watching the young thing growing
And quite frankly, I don't like what I see
I could give you lessons on how you should treat her
'Cause she means so much to me

She comes to me crying when she gets down and out
Talkin' 'bout something bad you put her through
Not gonna stand for the lies of a man
Gonna wipe away her tears
Through a woman's roughest years

She loves me like a brother
When I'm standing by her side
She loves me like a brother
There's nothing that she won't confide
No, there's nothing that she won't confide

I've been hearin' stories and some nasty rumors
'Bout the way you've been out tomcat'n 'round
Better stay away now from my prize possession
If you plan to cover that much ground

She comes to me crying when she gets down and out
Sayin' what a loser you can be
Not gonna stand for the lies of a man
Gonna wipe away her tears
Through the woman's roughest years

(Don't you hurt her)
Not gonna stand for it
(Don't you hurt her)
Me that you're dealing with
(Don't you hurt her)
I'm gonna get try and all her tears
Through the young things roughest years

Love me like a brother
When I'm standing by her side
She loves me like a brother
There's nothing that she won't confide
No, there's nothing that she won't confide
I do believe it

There's nothing that she won't confide
Tells me everything
There's nothing that she won't confide
