NEVER HAD A LADY BEFORE
WRITER BURTON CUMMINGS

I've had girls and I've had women But I've never had a lady before I been high and I been flyin But I've never been this crazy before Saying sweet things that I really wanna hear And it's coming as no surprise Whatever we got is oh so hard to find I realize too that a something like you Doesn't come along everyday And I'm turning over part of my mind to you now I been loved, been befriended But I never really bled before I've seen brains and I've seen brilliance But I never got 'em through my head before Could've been a week or it could've been an hour It could've been a thousand years When I'm with you baby I'm losing my track of time A little bit of me and a little bit of you Is telling me to have no fears And I'm turning over part of my mind to ya honey (chorus) Oooo Ooooo Emotion just can't be denied Oooo Ooooo Feelin only comes when we're side by side I've had girls and I've had women But I never had a lady before Hey na na na Never had a lady before Hey no lady Never had a lady before Ahh ahhh ahhh Never had a lady before Hey now you're doin' it, whatever ya do I'm gonna like it Never had a lady before Don't know what you're doin' but you keep on doin' it baby Never had a lady before
