Jocko says, "Yes", and I believe him
When we talk about the things I say
Hasn't got the faith or the guts to leave him
When they're standin' in each other's way

You're trippin' back now to places you've been to
You wonder what you're gonna find
You know you've been wrong, it won't be long
Before you leave 'em all far behind

Babe, we got the new mother nature taking over
Babe, we got the new splendid lady who come to call
Babe, we got the new mother nature taking over
She's gettin' us all, she's gettin' us all

Jocko said, "No", when I came back last time
It's lookin' like I lost a friend
There's no use callin' 'cause the sky is fallin'
And I'm getting pretty near the end

Smoke-filled room in a corner basement
The situation must be right
A bag of goodies, a bottle of wine
We're gonna get buzzed up tonight

Babe, we got the new mother nature taking over
Babe, we got the new splendid lady who come to call
Well don't you know, we got the new mother nature
taking over
She's gettin' us all, she's gettin' us all

Jocko says, "Yes", and I believe him
When we talk about the things I say
Hasn't got the faith or the guts to leave him
When they're standin' in each other's way

You're tripping back now to places you've been to
You wonder what you're gonna find
You know you've been wrong but it won't be long
Before you leave 'em all far by, so far behind

Babe, we got the new mother nature taking over

Babe, we got the new splendid lady who come to call
Well don't you know we got the new mother nature
taking over
She's gettin' us all, she's gettin' us all
She's gettin' us all, she's gettin' us all, all of us
