One divided in two directions  
Situation needs reflection, yeah  
Close your eyes  
You followed everyone's instruction  
Never once you asked the question why  
Oh, you closed your eyes

My help is here if you want it  
Hold me close because I want you, yeah  
Hold me close  
The situation needs reflection  
Try to follow my instructions, yeah  
Oh, don't be shy

One divided there's one direction  
Only thing is introspection, yeah  
Close your eyes  
Oh, you followed everyone's instructions  
Never once you asked the question why  
Oh, you closed your eyes

Oh, one divided there's one direction  
Only thing is introspection, yeah  
Oh, you closed your eyes
