

## Guess Who "Pain Train"

Train comin? too fast  
Pain is it really gonna last

And you still refuse to see  
You still refuse to see  
And you still refuse to see

We love the dollar more than the collar  
That Daddy used to wear  
We love to holler more than the dollar  
So take us to the fair

Can you hear it like a  
Train comin? too fast  
Pain is it really gonna last

We love the preacher more than the teacher  
We used to have in school  
We saw the teacher marry the preacher  
Who do you thinks the fool?

Can't you hear it like a train, comin? too fast  
Pain, is it really gonna last

And you still refuse to see  
You still refuse to see  
And you still refuse to see

We love the dollar more than the collar  
That Daddy used to wear  
We love to holler more than the dollar  
Won't you take us to the fair  
Hear it like a train
