'Round about ?20 the folks had plenty
No, they couldn't ask for too much more
The fatha kept thumpin? and the satch got jumpin?
And they rang right through with a roar

Then around ?30 when things got dirty
All the players meant a whole lot more
The duke got stompin? and the count started rompin?
And what do you think it was for?

They put power in the music
And boy, you oughta hear it now
They put power in the music
The boys are gonna show you how

'Round about ?40 when things got sporty
They were dancin? every night till dawn
The bird got ?em hoppin? with his crazy be-boppin?
And Frankie crooned on and on

Then around ?50 when folks got nifty
They were gettin? round to bendin? an ear
Chuck was duck-walkin? and the king got rockin?
And what do you think was here?

They got power in the music
And boy, you oughta hear it now
They got power in the music
The boys are gonna show you how

Then four boys made a brand new noise
From far beyond the sea
We loved all four and we yelled for more
It was natural as could be
Watts went up and loose ends went down
Now it's anything it wants to be

We got power in the music
And boy, you oughta hear it now, yeah
We got power in the music
The boys are gonna show you how

We got power in the music
And boy, you oughta hear it now
Well, we got power in the music
The boys are gonna show you how

Don't you know they gave it power, power in the music
Yah yah yah
Can't you feel it giving you now, power in the music
Yay yay yay

Can't you feel it growing every day, power in the music
Yaz yaz yaz
Don't you feel it disbursing, power in the music
Yah yah yah

You see them dancing up and down now, there's power
in the music
Yay yay yay
I feel it growing every day now, there's power in the
music
Yaz yaz yaz
