Road food
Jollywood, Jollywood, chippa chippa chee chee
Road food
Drag queens, rhumba boogie, grabbin' for the prime
time
Road food
Bonafide, certified women in the washroom
Road food
Better have a whiskey so I'll feel alright

Each night smacks of new wonder
Catch her if you can, Kathy was a man
T.V. baby blue wires
Smile and nod your head, dead is like it's dead

Road food
I hear you walkin' down the hallway
Road food
I hear you sneakin' up the stairway
Road food
I know you're in the elevator
Road food
I know my name is in the paper

Road food
Hey, tell me what's this stuff you're sellin'
Road food
And all the stories that you're tellin'
Road food
I hear you walkin' down the hallway
Road food
I hear you sneakin' up the stairway

Road food
Apple town, Apple town, chippa chippa chee chee
Road food
Hurricane wonder boy scratchin' for the scunge now
Road food
Old Mark Mars is alive and well, Sir
Road food
Better have a whiskey so I'll feel all right

Road food
I hear you walkin' down the hallway
Road food
I hear you sneakin' up the stairway
Road food
I know you're in the elevator
Road food
I know my name is in the paper

Road food
I hear you walkin' down the hallway
Road food
I hear you sneakin' up the stairway
Road food
Hey, tell me what's this stuff you're sellin'
Road food
And all the stories that you're tellin'

Road food
I hear you walkin' down the hallway
Road food
I hear you sneakin' up the stairway
Road food
I know you're in the elevator
Road food
I know my name is in the paper

Road food
Hey, tell me what's this stuff you're sellin'
Road food
And all the stories that you're tellin'
Road food
I hear you walkin' down the hallway
Road food
I hear you sneakin' up the stairway
